“It was just the two of us out there, serene, peaceful, beautiful. We paddled for a while then floated for a bit and just enjoyed it. We did this on and off for the whole way to the bridge (3km) and all the way back downstream. Lots of birdlife and we got to see fish jump out the water quite a few times. It was lovely, so relaxing, the perfect way to round out our trip on KI. Highly recommend.” - Lexi C (TripAdvisor)

"All I have to say is that it was amazing! The kayak experience was like no other! The Harriet River is an amazing river to kayak down. We even got to see koalas by the side of the river drinking and sleeping." - Zacky95 (TripAdvisor)

 “Awesome family day! I booked an adventure for my family (me, husband and 5 children aged 8-16). We went quad biking, kayaking and sand boarding. The kids had an absolute ball across all of the events. Quad biking was by far the best of the three. The guides were attentive and funny and really related to the kids. The safety gear is first rate and safety is a priority, which is excellent. The quad biking took us over a range of terrain from sand to dirt and big rocks – from open plains to narrow scrub tracks. Thanks to KI Outdoor Action we created memories that will last a lifetime.” - Shelaye, Adelaide Australia (TripAdvisor)

“An absolute highlight of our visit to KI, never to be forgotten. We rode along bushland tracks to a stunning beach not accessible by cars – white sand, crystal clear water and granite cliffs. We paid extra for a private tour for our family – well worthwhile.”
