SCHOOL GROUP ACTIVITIES

Here at Little Sahara, we value our rich local history, the sustainability of our environment, and not to forget: all things adventure! Whether you're climbing the sand dunes, wandering along the site trails, or taking a ride in one of our buggies, we aim to teach and inspire students to recognise the importance of our natural world. With a focus on understanding the ecological impact of our flora and fauna, we hope students walk away with a renewed passion to protect their environment and share everything that they have learnt with friends and family. We pride ourselves on our knowledge and enthusiasm and guarantee our tours will make your school trip the highlight of the year.

"Just wanted to send an email to say thanks for our experience at Little Sahara while we were on camp. The kids... and a few of us adults, had a fantastic time and for many it was the highlight of the camp. The buggies and sandboarding were very cool, but we enjoyed the walk equally. Your staff were delightful, so please pass our thanks onto them also. We appreciate your generosity and will definitely be back next year."
